**Objects identified:** ['plastic water bottle', 'plastic bottle cap', 'paper label', 'water']

**Image Generation Prompt:** Plastic bottle chandelier, water reflections, modern room decor

**Steps:** `'''html` **Step 1: Prepare the Bottles** Clean and dry the plastic water bottles thoroughly. Remove labels. **Step 2: Cut the Bottles** Cut the plastic water bottles to desired length, ensuring consistent size. Cap should remain attached. **Step 3: Assemble the Structure** Arrange cut bottles in a circular pattern, attaching them securely with wire or strong adhesive. Create multiple layers to form the desired chandelier shape. **Step 4: Integrate Lighting** Incorporate small LED lights within or around the bottle structure ensuring proper wiring and safety. **Step 5: Decorate (Optional)** Add decorative elements like colored paper labels or other upcycled materials to customize the look of your chandelier. `'''`
