

**Image id:** vQBv2

**Objects identified:** ['canvas tote bag']

**Image Generation Prompt:** Canvas tote bag wall hanging, bohemian style, macrame

**Steps:** ```html **Step 1:** Gather materials: One canvas tote bag, yarn scraps (preferably in black, off-white, and beige), a crochet hook. **Step 2:** Create the fringe: Cut numerous strands of yarn to create the fringe, ensuring sufficient length to hang below the tote bag. **Step 3:** Attach the fringe: Securely attach the fringe to the bottom edge of the tote bag. You might use a crochet chain stitch to attach them evenly or simply knot them in place. **Step 4:** Crochet the design: Using the yarn scraps, crochet a geometric design using black and off-white yarn, creating a central square pattern. **Step 5:** Attach the design: Carefully attach the crocheted design to the center of the tote bag, using crochet stitches or strong fabric glue. **Step 6:** Add tassels: Create small tassels from the yarn scraps and attach them on the four corners of the crocheted square to finish the design. ```
